### **Newgen Software** Features in NASSCOM's Top 100 Innovators

New Delhi, India, June 17, 2007 --([PR.com](http://PR.com))-- **Newgen software Technologies Ltd.**, a leading provider of Business Process and Enterprise Content Management solutions, is among the top 100 companies in NASSCOM's 100 IT Innovators, Showcase of Innovation In India released at NASSCOM 2007.

“We are proud to be acknowledged as one of top 100 IT innovators by NASSCOM”, said Diwakar Nigam, MD, **Newgen Software Technologies Ltd.** “Such recognition by the industry further fuels innovation spirit at **Newgen Software** to create solutions that exceed client expectations”.

NASSCOM annually develops the Innovation book, carefully selecting companies that have managed to stand out and differentiate themselves in highly competitive, often adverse market conditions. The book provides a wide-angle view of innovation being fostered within the IT-BPO industry and honors those Indian IT companies that have, through their innovation, continuously added to the improvement of the Indian business scenario. These companies have carved a niche for themselves using breakthrough technology and novel market initiatives. In appreciation of its constant innovations, latest of which is the image-based check clearing solution, CheckFlowTM, **Newgen Software** received the honor of being profiled in the prestigious book.

The National Association of Software and Services Companies (NASSCOM) is the premier trade body and the chamber of commerce of the IT software and services industry in India. NASSCOM is a global trade body with over 1100 members, of which over 250 are global companies from the US, UK, EU, Japan and China. NASSCOM's member companies are in the business of software development, software services, software products, IT-enabled/BPO services and e-commerce.
